EDUCATION

B.TECH (ECE)

(2022 – Present)

SVR Engineering College, Ayyaluru, Nandyal, AP.

SKILLS

PROGRAMING LANGUAGES

- **Python, JS, C**

HARD SKILLS

- DSA
- Django
- SQL
- FIGMA
- HTML (basics)
- CSS (basics)
- MS OFFICE
- GIT
- Linux

SOFT SKILLS

- Teamwork
- Quick learner
- Problem solving

LANGUAGES KNOWN

- URDU, ENGLISH, TELUGU, HINDI

INTERESTS

- Exploring and learning new technologies
- Building Mini Tech Projects
- Mentoring or Teaching Juniors

Sameer Basha

Aspiring Python Developer | Competitive Programmer

Tech Enthusiast

| 🌐 LinkedIn | 🖥 GitHub

To secure a challenging role in the IT industry where I can apply my problem-solving abilities, programming knowledge, and collaborative skills to deliver effective solutions, while continuously learning and growing in a dynamic team environment.

EXPERIENCE

FULL STACK DEVELOPER INTERN (PYTHON)
Short-Term Internship, 2024

- Gained hands-on experience in backend development using Python.
- Worked on building and integrating REST APIs.
- Learned best practices in version control and agile workflows.

ATL TINKERING LAB MENTOR
2024 - 25

Recognized and selected as an ATL Mentor to guide government high school students at the Atal Tinkering Lab, where I gained hands-on experience in electronics and project implementation. My efforts were appreciated by officials from Samagra Shiksha, BCDE, UNICEF, AIM, and the Vigyan Ashram technical team.

PROJECTS

- **Language Translator Bot (UiPath):** Created a real-time text translation bot with report generation; awarded 1st prize in a college hackathon [LINK] .
- **Smart Irrigation System:** Automated water pumping based on soil moisture using ESP32, sensors, and LCD display.
- **IoT Home Automation:** Built a system to control home appliances remotely via IoT protocols.

🏅 CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Developer Intern (Python)
- 1st Prize – UiPath Hack-a-Bot 2024 (for leadership, teamwork & presentation)
- ATL Mentor Certification
- Embedded Systems Workshop Participation
